(See advt. at Electric Light Co's.)

Macknight Combined Flintic Stone & Asphalt Roadway,

Patented April 16th, 1888.

This Flintic Stone Street Pavement, with an Asphalt Joint, will surpass in beauty and equal in strength the Belgian Block or any other known Pavement. It is laid in sections from curb to curb, in order that when it is to be taken up for any purpose it can be easily done and replaced. It is clean, fireproof and waterproof, and being laid on an even surface is delightful to drive on at any rate of speed. It will not wear smooth, and the hoof will always have a secure purchase. This Pavement with a Flintic Stone Sidewalk and Curb will make the cleanest and most perfect as well as the

CHEAPEST
First-Class Street Improvement that can be made, and is cheaply repaired.

State, County and City Rights for Sale.

A NEW DEPARTURE.

L. H. Rogers, 75 Maiden Lane, New York, Manufacturer of Typewriter supplies, has something new he is offering to the trade in the shape of carbon papers in rolls. These rolls are furnished in any width desired up to 20 inches, and in any length, and of any of the various thicknesses required. Stationers and others dealing in carbon paper will find this a very convenient method of handling it, as it can be cut to any desired size, thus saving carrying a complete stock of sizes. This plan should prove popular. The excellence of the typewriter supplies manufactured by this firm is being acknowledged by the trade, and special inducements are offered to dealers to handle them. The facilities of the firm for handling large orders can be understood when it is stated that they carry in stock, constantly, over 80,000 manifold books of various styles, adapted to the use of telegraph, typewriter, railroad and other large users of these goods.

MANUFACTURER OF

CONCRETE ILLUMINATING TILE

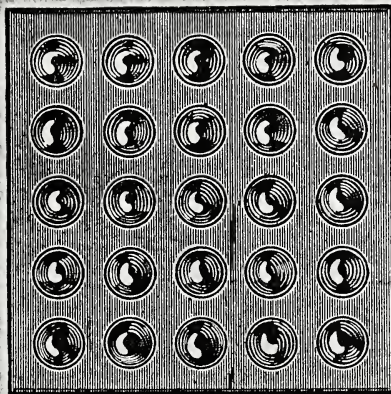

— AND ALL KINDS OF —

Vault Lights

FOR AREAS, ROOFS, FLOORS, &c.

SOLE MANUFACTURER OF

John W. Mark's New Patent Ring Concrete Tile.

This new tile has 25 lenses, each 2 in. diameter to each square foot (the older style of concrete tiles having but 20 2 in. diameter lenses to the same area), and is so constructed that the slivering of the glass and cracking of

This cut represents one (1) square foot.

the cement, common to all other concrete surface tiles, is entirely overcome, the glass being separated from each other by annular curbs, rising to the top, which present a smooth, comfortable and non-slippery walking surface that requires no painting and at the same time a more beautiful appearance than any other tile manufactured. Covered Elastic Joint Concrete Tile.

(Patented December 11th, 1888.)

The only kind of Concrete Light that is durable.

Glass is a metal and expands with heat. If confined rigidly when heated, it is crushed to pieces.

There are twenty-nine Glasses to the square foot in this Tile, they are set in taper metallic rings larger than the Glass; the space filled with an elastic cement. They are then placed in the casting and concreted. The concrete covers the ring and joint, so that they are not seen.

THE OLDEST CATHOLIC PAPER IN AMERICA.

New York Freeman's Journal

AND
CATHOLIC REGISTER.

FOR 1889.

OUR JUBILEE YEAR.

This staunch old representative of Catholic journalism begins its 50th year the 23d of FEBRUARY with a *bona fide* subscription list of 50,000 weekly and growing each month.

NEW DEPARTMENTS.

Not only will the old standard that has given the FREEMAN'S JOURNAL its worldwide reputation be maintained, but many interesting features will be added that will enhance its value as a family paper and a

HOUSEHOLD NECESSITY.

The FREEMAN'S JOURNAL to-day enters houses where no other paper is permitted, because its every line is guarded with jealous care for propriety and truthfulness; and because its aim is not only to entertain and instruct in secular matter, but by unquestionable argument and explanation to make clear and comprehensible the great truth of Catholic doctrine. No talent or time will be spared to keep the FREEMAN'S JOURNAL in the front of Catholic periodical literature, and many of the

ABLEST PENS IN AMERICA

will be heard from through these columns every week.

PURE MIXED PAINT

We wish to call your attention to the fact that we guarantee our ready-mixed paints to be made only of pure linseed oil and the most permanent pigments. They are not "Chemical," "Rubber," "Patent" or "Fire-proof." We use no secret or patent method in manufacturing them, by which benzine and water are made to serve the purpose of pure linseed oil.

THE OLDEST CATHOLIC PAPER IN AMERICA.

New York Freeman's Journal

AND
CATHOLIC REGISTER.
FOR 1889.

OUR JUBILEE YEAR.

This staunch old representative of Catholic journalism begins its 50th year the 23d of FEBRUARY with a *bona fide* subscription list of 50,000 *weekly* and growing each month.

NEW DEPARTMENTS.

Not only will the old standard that has given the FREEMAN'S JOURNAL its worldwide reputation be maintained, but many interesting features will be added that will enhance its value as a family paper and a

HOUSEHOLD NECESSITY.

The FREEMAN'S JOURNAL to-day enters houses where no other paper is permitted, because its every line is guarded with jealous care for propriety and truthfulness; and because its aim is not only to entertain and instruct in secular matter, but by unquestionable argument and explanation to make clear and comprehensible the great truth of Catholic doctrine. No talent or time will be spared to keep the FREEMAN'S JOURNAL in the front of Catholic periodical literature, and many of the

ABLEST PENS IN AMERICA

will be heard from through these columns every week.
